

“Summer-time Sowing & Reaping, Part 2”

“*They that sow in tears shall reap in joy.*” Praise the Lord for His goodness! God has been working on our behalf and we are delighted and grateful. During the past month we have had first-time visitors every week, as well as, repeat visitors also. These are teen-agers that we have been in contact with over the past year and they are finally coming to church to hear the Word of God preached. Below is a photo from a service when we had 2 first-time visitors. We are not exactly sure why, but God keeps sending troubled teens our way. Nevertheless, it is a true blessing to witness of God’s love and the salvation provided through Jesus Christ to these who really have so little in this life. Our average attendance has been 14 during the past several weeks, which is a big blessing to us and a definite answer to prayer. Thank you for your continued prayer for our ministry here!

Also, just the other day, the two ladies who live next door expressed interest in coming to our services. These are two that we have asked prayer for, many times over. Another answer to prayer. Please pray with us that they will be saved!

Currently, we are asking God for a very special, though unnamed, provision. Please, make this a very special part of your prayers for us and this ministry.

Our special thanks go to Harvest Baptist Church for the special offering sent for a heating unit for our building!

With all that is happening due to the current recession, your faithful giving has not stopped and that truly is a blessing and a testimony! Thank the Lord for your faithfulness!

Joyfully Serving The Savior,
